SHARE THIS WITH ANOTHER PARENT

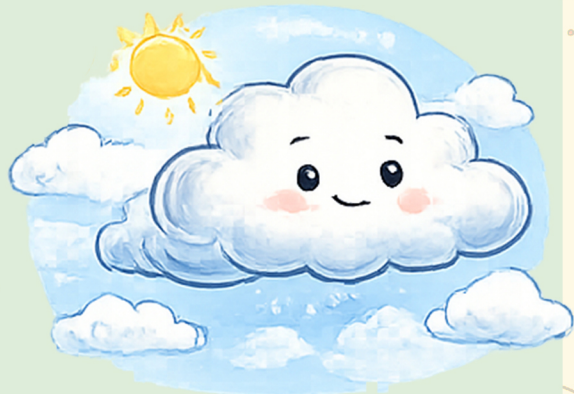

Hello friends!
I am JIGGY & I am going
to tell you a story of-
**The Little Cloud
Who Shared
Rain**

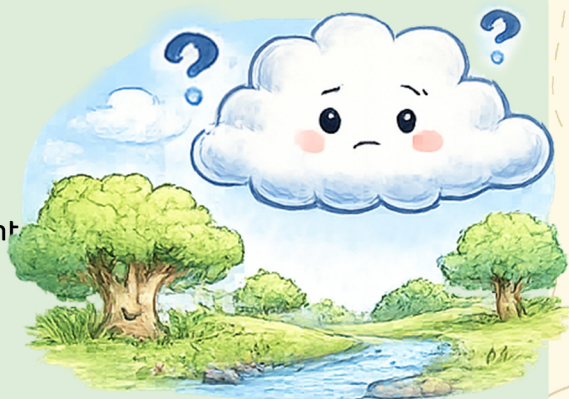

1

A tiny
cloud
named
Puffy
lived in
the sky.

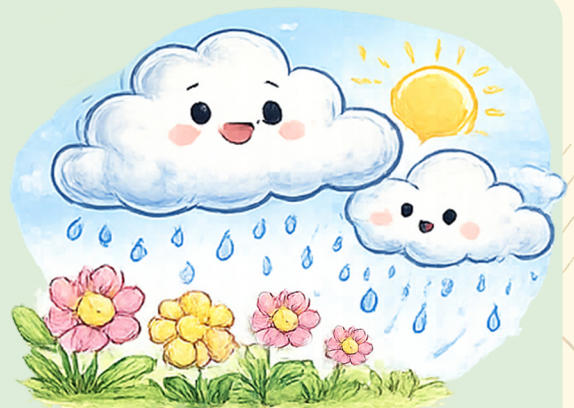

3

Puffy was
scared to
share his
rain.
He thought
he would
become
too small.

5

Puffy
noticed
other
clouds
became
happy
after
sharing.

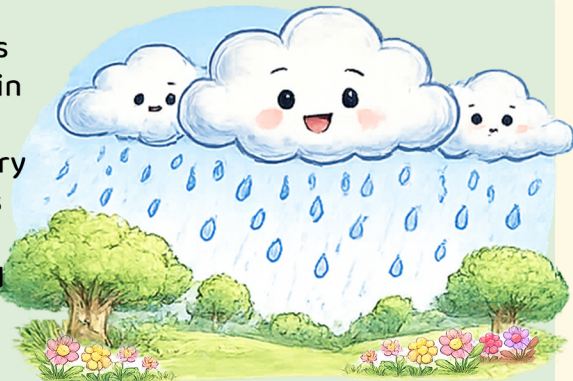

6

He finally let
soft
raindrops
fall on the
village.
Everyone
smiled, and
Puffy
learned that
sharing
brings joy.

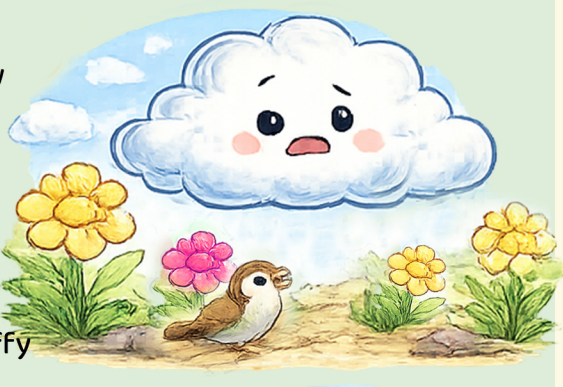

2

Big clouds
shared rain
with the
earth every
day. Trees
became
green and
flowers
bloomed
happily.

4

One day,
Puffy saw
thirsty
birds and
dry
flowers.
A little
sparrow
asked Puffy
for rain.

Moral of the Story:

Sharing makes everyone happy.

Question for Kids

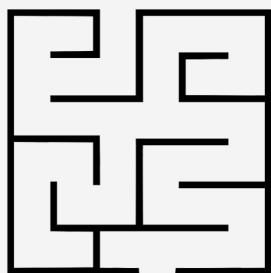

**What is one thing you love to
share with others?**

2

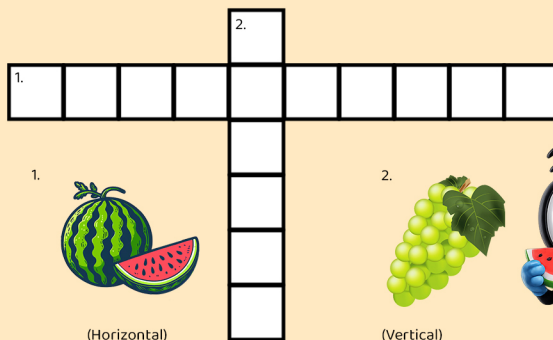

Jigyasa Summer Maze

Can you help the bee to get the flowers?

Draw a dotted line to make a path

Guess The Fruit's Name

Connect the dots to make a figure and guess the name.

Jigyasa Science Facts

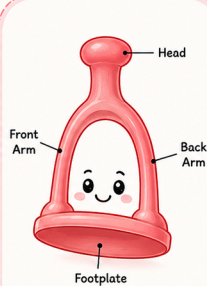

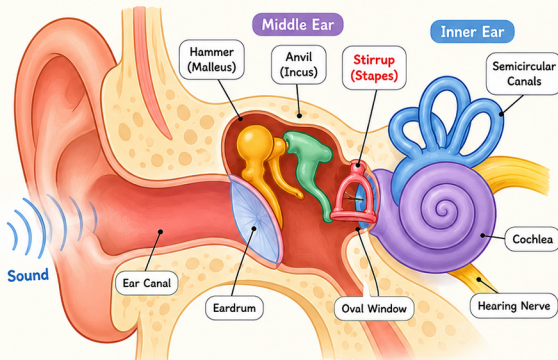

Human Body Facts

Did you know the smallest bone in the body is the stirrup, deep inside the ear, which is about the size of a grain of rice?

The Stirrup Bone

A Tiny Bone with a Big Job!

Meet the Stirrup Bone!

It is the smallest bone in your body! It moves back and forth on the oval window to send sound to the inner ear.

Earth Facts

The world's largest ocean is the Pacific Ocean.

The Pacific Ocean

The Biggest Ocean on Earth!

It is the largest and deepest ocean.

It covers more than one-third of our planet!

It touches Asia, Australia, North America, South America, and Antarctica.

Jigyasa Space Facts

The Sun is a Giant: More than one million Earths could fit inside the Sun, which is actually a white star, not yellow.

The Sun is a Giant!

More than one million Earths could fit inside the Sun, which is actually a **white star**, not yellow.

ONE MILLION Earths!

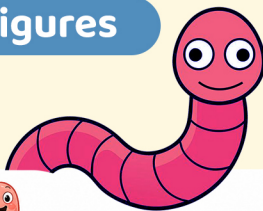

Sun is actually a White Star

Earth is small

Jigyasa Fact & Figures

Did you know? Earthworm

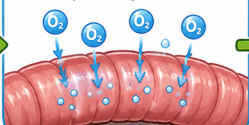

They Breathe Through Their Skin!

Earthworms **do not** have lungs.

They breathe **oxygen** directly through their skin.

They must keep their skin **moist** to do so,

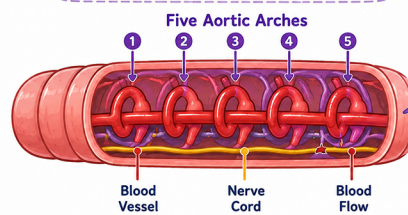

which is why they **love damp, dark soil.**

They Have Multiple Hearts!

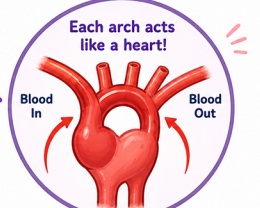

Earthworms have **five "hearts"** or **aortic arches** that pump blood throughout their bodies.

These five hearts help pump blood all around the earthworm's body!

Five hearts keep me moving!

Each arch acts like a heart!

Week 3: Magic ice cream

week 4: Fruit faces

Think and Draw your imaginations on a sheet.

Jigyasa Writing Prompt

Q. How would you spend a day if you had no toys or friends around?

Think and write the answers on a sheet.

Q. What if you find a cat hidden under your bed?

Parent Corner

Habit Building Tricks:

Start Extremely Small:

Instead of "clean your room,"

✓ start with "put dirty clothes in the hamper"

✗ Clean your room

✓ Put dirty clothes in the hamper

Parenting Tips: Model Positive Behavior

Children Learn by Watching:

Exhibit **honesty**, **kindness**, and **tolerance**.

Treat them with the same respect you want them to show others.

Honesty

I'm sorry, I took this by mistake.

Kindness

Helping others is kind.

Tolerance

It's okay if people are different.

I respect you.

Screen Time Tips for Parents:

Create a Family Media Plan:

Set clear, consistent rules for when and where devices can be used.

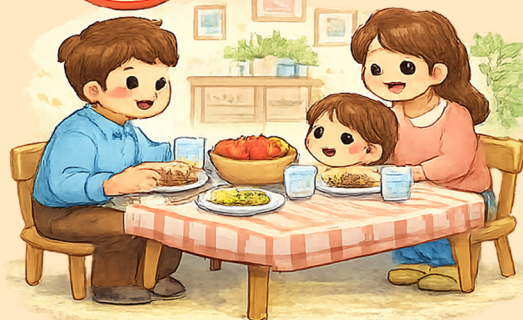

Less Phone,
More Life!

✓ Family Media Plan:

✓ Set clear, consistent rules for when and where devices can be used.

1. Gather pinecones, peanut butter, bird seeds, and twine

2. Spread peanut butter over the pinecone.

1. Roll the pinecone in the bird seed until fully coated.

4. tie the twine around the top of the pinecone and hang the pinecone feeder outside and watch the birds enjoy!

Environment Awareness for kids

Eco-Friendly Travel: Encourage walking, cycling, or using public transport for short distances instead of driving.

JIGYASA

CHARITABLE TRUST

Jigyasa Edutainment

Jigyasa Charitable Trust recently organized a meaningful educational and entertainment visit for our children to the Akshardham Temple in Delhi. The trip was planned as an edutainment activity to help the children learn about Indian culture, spirituality, art, and values in an interactive way. The children enjoyed exploring the beautiful architecture, exhibitions, gardens, and peaceful surroundings of the temple. This visit not only brought joy and excitement to them but also encouraged social interaction and confidence building. Through such experiences, Jigyasa Charitable Trust continues its mission of creating inclusive learning opportunities and memorable moments for every child.
